

**FISK**  
UNIVERSITY

## Welcome to the *Fisk Forever Network*!

Are you connected? The *Fisk Forever Network* is a customized, password-protected area of our website specifically for our alumni! The portal is a one-stop-shop where you can update your contact information, search for other alumni, and manage your email.

Benefits include:

- Access to our online Alumni Directory
- View your giving history 24/7 through our web tools
- Update Your Profile anytime: addresses, phone numbers, and personal information can change for any of us throughout the year. Now, you can enter your new information online to ensure accuracy in our system, online directory, and emails.
- Share what you have been up to in Classnotes.

Connect now! Rediscover old friends, grow your network, and ensure that the classmates with whom you want to connect can find you. All you need to do is [create a username and password](#). Once logged in, click on the "My Profile" tab to update your privacy settings. The fewer "make private" settings you choose, the easier it will be for other Fiskites to find you and to connect with you.

We invite you to familiarize yourself with the *Fisk Forever Network* portal.
